EXAMPLE:

“Curbi”

Amazing Parental Controls for iPhone, iPad and iPod Touch

curbi's breakthrough technology provides you with ability to totally manage your child's mobile online experience. Stop in-app purchases, block adult content and set boundaries for social media use and time wasting apps.

curbi manages iPhones, iPads and iPods.

curbi gives parents peace of mind; providing the best solution so the entire family can enjoy the virtual world as much as the real world.

CURB

your child's use of social media and time wasting apps

BLOCK

adult and other inappropriate content

WATCH

your child's internet access with detailed reporting from curbi

Safeguard all your children for \$6.99 per month!
That's just 23c a day to protect your whole family.
